

# E-RATE VIDEO SOLUTIONS

## FEDERAL FUNDING PROGRAM FOR EDUCATIONAL TECHNOLOGY

### E-RATE APPROVED VIDEO SOLUTIONS THAT WORK FOR YOUR SCHOOL

#### **Classroom video improves test scores.**

Did you know that the E-Rate program has provided thousands of schools with video technology that has helped to institute distance learning solutions and improve test scores nationwide? It's true and your school may be eligible for funding. Video solutions can help teachers better communicate across already installed computer networks to reach students in ways never before possible.

#### **Stretch your budget dollars.**

If your school qualifies you may be eligible to purchase equipment for as little as 10 cents on the dollar. Today's video solutions not only help students learn but it is a great way to trim costs and promote a "green" teaching philosophy. Whether it's teaching a foreign language to multiple classes simultaneously or listening to the students give a morning news update, video helps teachers engage students.

#### **VIDEO NEWS ANNOUNCEMENTS**

Students can create their own news broadcast program to share daily information.

#### **VIRTUAL FIELD TRIPS**

Bring the field trip to the students! Live video delivery from museums and aquariums.

#### **VIDEO DISTANCE LEARNING**

Teachers can deliver classroom sessions to multiple locations both live and on-demand.

#### **IPTV DELIVERY OF EDUCATIONAL TV**

Deliver educational television over the LAN to desktop computers, TVs and monitors.
